BACK TO TWO-STEP VERIFICATION SETUP (/SERVICES/TWO-STEP-VERIFICATION/MANAGE)

TWO-STEP VERIFICATION - PRINT BACKUP CODES

Backup codes let you access your account if your phone is replaced, lost, or stolen. Seriously, you will not be able to access your account if you upgrade your phone and don't set up a new credential first. Print or save these backup codes to be able to access your account.

Credential Nickname:
Nothing

Print

1. 5i7jiqv4b4
2. bepb5vdmdm
3. nhn7wwgiji
4. sgsgg5jinm
5. n6qzqz4n5q
6. rx6df7znbd
7. wokqkfzl5d
8. x45cex7nad
9. jvkcfc35dx
10. 6zslmmqhdj

Generate New Codes (/services/two-step-verification/backup_codes/134049/1)

*Generating new codes will disable any existing backup codes

- Codes generated on Dec 26, 2024
- Each backup code can only be used once

Backup Text Message

After printing your backup codes be sure to add your backup phone to receive a text message with a secure one-time use code if you lose access to your primary device.

Add Backup Phone (/services/two-step-verification/manage)
